

# Art at HCFS

## Intent:

At HCFS we aim to deliver a high quality art and design curriculum which engages, inspires and challenges all pupils, equipping them with the knowledge and skills to experiment, invent and create their own works of art, craft and design. Children are encouraged to think critically to develop a rigorous understanding of the subject as well as an understanding of how design has shaped our history and contributed to the culture, creativity and wealth of our nation. Children will be proud of their art work and will be able to discuss and critic works of art that they are exposed to. Art work is evidenced through cross curricular links.

## Implementation

- Whole school focus of an artist
- Each year group to recreate a piece art work in the style of focus artist
- Children will use a variety of media ( paint, charcoal, pastels)

## Impact

- Children gain a better understanding of how an artist creates their work
- Children learn new skills in using different media and be able to combine various skills to create a piece of art work
- Children show an appreciation of all genres of art and be able to discuss their preference.
- Opens opportunities for children to shine.
