Summer Term 2023

## A word from us

As we bid farewell to the blossoming month of May, we can't help but reflect on the fun and excitement experienced by the children in our clubs. Throughout the month, our clubs celebrated King Charles' coronation as children immersed themselves in royal games and activities, explored the vast mysteries of outer space on Space Day, and celebrated the vital role of buzzing bees on World Bee Day. The laughter, learning, and joy that filled every JAG club was truly remarkable! But hold on tight because the adventure doesn't end here! We have more fun-packed activities for the remaining weeks of the Summer Term. From thrilling sports challenges and creative arts and crafts to engaging science experiments and multicultural explorations, there's something for every child to embrace their curiosity and make memories that will last a lifetime.

## Seven more weeks of action-packed fun!

Our fun and enriching term time JAG clubs run daily throughout this exciting period until the end of term, providing children with unforgettable experiences while promoting outdoor exploration and embracing the warmer weather! Using our Whole of Child approach, our carefully curated programs of activities are designed to captivate young minds and expand their learning beyond the school curriculum. Parents trust us to provide a safe and nurturing environment, while children love the engaging and diverse range of activities we offer. Our fun-filled daily schedules encompass activities from various categories, including Super Sports, Power Teams, Global Kids, Zen Masters, Creative Inventors and Brain Boosters.
