

Deepening learning at HCFS with Mastery Glasses

At HCFS we pride ourselves on regular opportunities for children to think and reflect on their learning to support their social, emotional, and academic development.

Mastery glasses are used to enable children to deepen their understanding of the task in hand whether it is English, Maths or other subjects in the curriculum.

	'Explain It!' What is the problem they are tackling and how can they explain it to another?
	'Convince Me!' How do they know the answer is correct? Can they disprove an incorrect answer?
	'Prove It!' Can they use another method to prove the answer is accurate? Could they use the inverse to prove their point?
	'Use It!' Does their given method work? What prior knowledge can they bring to the problem to help them find a solution?
