

It has been a great (and very busy!) week at HCFS. Thank you to all those parents and carers who took the time to join our English lessons on Wednesday morning. If you would like to join our Maths lesson next week, please feel free to come along between 9 - 10am.

In Maths this week, we have been working with coordinates. We have been plotting points, translating shapes and working in all four quadrants. Again, this is a topic that can be revised at home on IXL.

We have continued to work hard in English to focus on different sentence types and creating variety in our writing.

The children have enjoyed writing a persuasive speech in Project all about stopping deforestation in the Amazon. I can't wait to hear these speeches in our Project lesson next week!

Please continue to read daily with the children at home - this makes all the difference to their learning foundations!

Have a lovely weekend everyone!
