

Welcome back Year 6!

We have started 2026 with a bang and launched straight into learning.

As we explained in class, the next term is going to be full on for everyone. We are starting booster classes, holding more in-school interventions, support activities and sending home weekly homework.

Homework will be sent home every Thursday and will be marked the following Thursday in morning registration. If you are struggling with anything that has been sent home and you need some more help, please just ask and the adults in Year 6 will be happy to help.

In Science, we have started learning all about what makes up our solar system. In Project, we are diving straight into an art scheme called Gallery Rebels where we will explore meaning through art in many genres. This week, we explored the work of John S. Sargent and his famous impressionist painting, Gassed. 7 children from the year will be selected to exhibit their work in the Galleria in March!
